HMEI (the Association of Hydro-Meteorology Equipment Industry), welcomes the guests and distinguished visitors to the 4th China International Exhibition on Technology and Equipment of Meteorology, Science and Hydrology, and the 6th China International Forum and Exhibition on Lightning Protection Technology & Equipment.

HMEI is honoured to be able to support this exhibition as a co-organiser. HMEI is pleased this year able to participate in the exhibition and looks forward to developing a good rapport with the Chinese manufacturers present at this event. This exhibition will enable all who attend to see the newest technology from International and Chinese developments in the industry.

HMEI knows this Exhibition will be a great success and looks forward to continuing co-operation with Chinese manufacturers and users of environmental technologies.

A handwritten signature in black ink, appearing to read 'Ben Dieterink', is written in a cursive style.
